

Meeting Evaluation Comments

Nov. 17, 2004

What worked well in this meeting?

- Great background from speakers. Location.
- Good speakers, especially the man from MML. I appreciated the friendly reaction to my request for e-mail reduction. Also the offers to help me set my e-mail preference.
- Presentations were good.
- The agenda was simple and we stayed on schedule. The presentations were very helpful and Q&A's always add more value to the presentation. Reviewing evaluation from meeting #1.

What did not work well in this meeting?

- Can we get a slightly bigger table?
- So far, so good.
- N/A

What should be improved?

- So far, so good.
- As always, staying on the agenda is nice and within time.
- Get tea.

What suggestions do you have to help ensure that the Committee will be able to fulfill the Charge set by the City Council?

- Don't get bogged down in the politics of it all. That is the Council's job. Strive to bring forth all solutions. Try to agree on recommendations. Reserve analysis and final recommendations till we are at least mostly done with data gathering.
- Not at this point.
- Still pondering.

Any other comments?

- I didn't realize the meeting went till 9. I thought it was the same as last time, 7-8? How did I miss that?
- Prefer to keep meeting in the Municipal Building.
